THE RESERVE OF THE PARTY OF THE TO BOR William Control of the Control of th

THE most safe, effectual and economical remedy . for direnses of the Human Constitution, the has ever been discovered.

These A'ills are composed entirely of materials ex-tracted from Medical Plants, and are warranted got to contain one particle of mercury, or any minefal substance. Dr. Kingley, the inventor of this valuable medicine, from his knowledge of the human system derived from a long and extensive practice, has arrived to the conclusion, that the great and primary cause of most diseases is a deraugement in the functions of the liver; or in other words an increased or diminished secretion of the Bile.

So well is this understood, that it is common for persons to say when they feel unwell that they are billious, meaning that they have too much hile in the and unground Spices. ('orn, Meal, dry and pickled stomach. On the other hand, when the flaw of bile Fub. hoxes Smoked Herring, &c., for sale at No. is diminished, the process of digestion is imperfectly | 25 West Market Place, by performed the patient becomes weak and emaciated. because nourishment contained in the lood taken into the stomach is not properly extracted, and the food is ejected in a crude state. Dr. Kingley is confident that the famous Hygean Theory, so called that "impurity of the blood is the cause of all diseases," is a great absurdity. Every one who reflects upon great variety, and BARGAINS, at No. 54. the subject a moment, will perceive that impurity of may 9 the blood is a secondary, not a primary complaint the effect, and not the cause of the disease. When the functions of the liver are deranged, and the flow of bile increased, it is often teken up by the absorbent vessels and carried into the circulation, and be comes mingled with the blood as in Janudice, when the patient shows it is his countenance. Now this impurity of the blood is caused by an increased flow of the bife, and to remedy it you must correct the secretion of the liver and restore it to a healthy state.

Dr. Kingley has spent much those in experimenting with different vegetable medicines, for diseres of the liver, and now offers his Universal Family Pills as the best, most convenient and cheapest medicine that can be prepared for general use; and in offering them to the public, he is actuated more by benevolent than pecuniary motives, as the price of the medicine will show.

Dr. Kingley flatters himself that his long experi menting with vegetable medicines has exabled him to discover the true and only substitute answering all the purpose of mercurials, without any of their attendant evils. One great quality of his family Pills is, that they have the alterative principle combined with their cathartic of operative quality, so that they not only cleanse the stomach and bowels by purging, but they regulate the liver, change the morbid secretions, strengthen the digestive organs, purify the blood, invigorate the circulation, and give tone and energy to the nervous system.

They are mild and pleasant in their operation, and almost immediate conviction of their utility from the first dose. They can be taken with safety by persons of any age, and the feeble, the infirm, the nervous, the delicate, are strengthened by their operation, because they that the system of bad himors, quiet nervous irritabilities and restlessness, from whatever source, and invariably produce sound

sleep.
The Family Pills are an invariable remedy for aundice, sick and nervous headache; dyspepsia, costiveness, sickness of the stomach, heartburn, all bilious complaints, levers of all kinds, and if taken at the commencement will invariably check their progress, one-save that quitest from a protracted and dangerous sickness. They are invaluable in nervous and hypochondriacal affections loss of appetite, and all complaints to which females alone age subject. They operate as a mild and speedy purge, and are a safe and certain remedy for worms in

I might publish a small volume of certificates but consider it unnecessary, as the medicine will recommend itself to all who will make trial of it.

JOHN KINGLEY.
These Pills are put up in neat boxes of two sizes; he small size contains 25 Pills and the retail price is 25 cents, the large size contains 60 Pills, the price is 50 cents.
